

## SmartSort™ Release Notes

### ***Requirements***

Microsoft Dynamics GP 2016 RTM must be installed. Microsoft Dynamics GP SmartList must be installed, and security must be set to allow access to alternate lookup windows (Advanced Lookups) in the SmartList dictionary.

### ***Registration Keys***

If updating from Dynamics GP 2015 or earlier, you will need to obtain new registration keys from your Microsoft Partner or EthoTech. This product is fully functional in the Dynamics GP sample company.

### ***Installation Instructions***

Please refer to the SmartSort Installation Guide for detailed installation and update instructions.

### **Build 16.00.1 Release Date June 6, 2016**

Initial Dynamics GP 2016 release.
