

SmartSort™ Release Notes

Requirements

Microsoft Dynamics GP 2018 must be installed. Microsoft Dynamics GP SmartList must be installed, and security must be set to allow access to alternate lookup windows (Advanced Lookups) in the SmartList dictionary.

Registration Keys

If updating from Dynamics GP 2016 or earlier, you will need to obtain new registration keys from your Microsoft Partner or EthoTech. This product is fully functional in the Dynamics GP sample company.

Installation Instructions

Please refer to the SmartSort Installation Guide for detailed installation and update instructions.

Build 18.00.3 Release Date January 31, 2018

Initial Dynamics GP 2018 release.
